

AB 1278: Consumer notice of Open Payments Database

This bill requires physicians and surgeons to provide each patient, at their initial visit, a written or electronic notice of the “Open Payments Database.”

The disclosure, which must include a link to the database website, must be signed by the patient and kept in their medical records.

This form serves as written notice in accordance with this bill. The written notice must include a signature and date signed from the patient or patient representative acknowledging receipt of the written or electronic notice – which will be at the bottom of this form.

The Open Payments database is a federal tool used to search payments made by drug and device companies to physicians and teaching hospitals. It can be found at <https://openpaymentsdata.cms.gov>
